## VOTERS, REGISTER.

**Voters**—The house to house canvass of the registration officers will close on or before the 24th of September. The revision week commences September 24th, and closes October 1st. The books must be filed with the county clerk on or before October 1st, and all transfers of registered electors from one precinct to another in the same county must be made before the last named date.

**Voters**—A double registration is required for the election November 6th, 1894, a revision and entirely new registration. All qualified electors, if not already on the lists, must take the usual oath and be duly entered. All qualified electors who desire to vote for delegates to the constitutional convention must take the new oath. No registrar can enter a name on the new list without this.

**Voters**—All the machinery of the election will be conducted in a double form—there will be two sets of registration books—one in buff for the old revised list, one in blue for the new constitutional convention list. There will be two sets of ballot boxes for each polling place, one for the general election, and one for the convention delegates. Also there will be two kinds of ballot envelopes, one in buff for the general election, one in blue for convention delegates.

**TO ADVERTISERS.** Changes for advertisements in the Sunday Herald must be handed in not later than Friday night.

## WORLD'S RECORD.

Established on the Salt Lake Track by Ziegler, the Champion.

A QUARTER IN 1:01 1-5

Made By the Californian With a Flying Start, Without Pacemakers.

HE IS GIVEN AN OVATION.

TWO UTAH RECORDS WERE ALSO SMASHED AT THE MEET YESTERDAY.

Ziegler Wins the Two Mile Open, Class B, in 4:52 2-5—Foster, the Speedy San Francisco Boy, Captures the Half Mile Open, Class B—Jensen Wins the One Mile State Championship—Evans Wins the Quarter Mile and the Two Mile Open, Class A—Distribution of Prizes—General Notes.

Otto Ziegler, Jr., the American champion, scored another big triumph yesterday, and the two thousand people that saw him break a world's record on a five-lap track fairly went wild with enthusiasm.

After he had accomplished this feat a storm of cheers were given for the modest little Californian, and cries of "Ziegler, Ziegler!" rent the air as he retired to his dressing room. One individual, forgetting in the excitement of the moment the eternal fitness of things, frantically yelled: "Speech!"

READY FOR THE WORD.

Speech!" and the champion's smile broadened a little as he heard it. But Ziegler was not the only one to win honors. All of the races were after records, and smashed things right and left.

The champion established a world's record for an unpaired half-mile, flying start, of 1:01 2-5, and in the two mile open, class B, he established a Utah record of 4:52 2-5. The best time ever made here before for that distance was 5:21.

In the two mile open, class A, Evans brought the record down from 5:21 to 5:07 2-5. The attendance was considerably larger yesterday than on the opening day of the meet, and the sport was worthy of the splendid crowd. Held a band was in attendance, and during the waits delivered lively airs. "Ham" and "Box" the boy trick riders, entertained the crowd with a fine exhibition, introducing several new feats.

**QUARTER-MILE OPEN.** The sport began with the trial heats for places in the quarter-mile open, the first being between McIntyre, Evans and Thatcher. There was no leading in this trial, as McIntyre was out "red blood," and the pace was a lively one. Thatcher had a slip when half way around, which put him out of it, but still he made a good showing. Evans took the heat in 3:25 2-5, with McIntyre a close second.

The second trial was between Weiler, Jensen, who made a very pretty finish, the former taking the heat in 3:24 2-5. Jensen's time being 3:43 2-5.

his mettle and raced away from the bunch like the wind. Boles let him get out, but was unable to close up the lead and the Californian won by fifty yards, crossing the tape amid a storm of cheers from the grand stand. Ziegler was going so fast at the finish that the impetus carried his wheel half way round the track, but when he dismounted he didn't show the slightest evidence of fatigue. The time announced was 4:52 2-5, the previous Utah record being 5:21, but that was for class A men.

**THE HALF MILE OPEN.** The half mile open was one of the prettiest races of the day. It was for

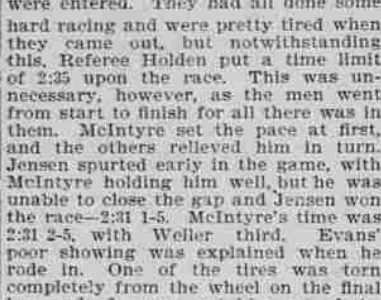

241 3-4, and increased the speed on the bunch like the wind. Boles let him get out, but was unable to close up the lead and the Californian won by fifty yards, crossing the tape amid a storm of cheers from the grand stand. Ziegler was going so fast at the finish that the impetus carried his wheel half way round the track, but when he dismounted he didn't show the slightest evidence of fatigue. **FOSTER SPRINTING.** Jensen will wear the state championship medal the honor of the second. Charles Evans' prize for the two mile race, class A, was a \$35 silver water set.

The track on which Ziegler broke the world's record yesterday was built by T. O. Ansell, and it is about as near perfect as a five lap track can be. Jack Prince and Al Schock were interested spectators yesterday.

**Distributing Prizes.** Last night there was a lively scene

at the Cycle club's quarters in the Sanitarium building, on Third South street. The occasion was the distribution of prizes to the wheelmen who had won honors in the two day's meet. There were wheels, silver services, diamonds, gold medals, watches and various other trinkets in jewelry given to the successful racers.

Oscar Groschell thinks if he had been one of the three in the two mile open class A, he could have gotten the third prize.

Otto Ziegler weighed in for a bath at the sanitarium last night and tipped the scales at 144 pounds.

**The Road Race.** On August 30th the great ten mile road race at Garfield Beach will take place. The Union Pacific is backing the project, which is to be under the management of the Salt Lake Cycle company. Eleven prizes, that for the first being \$100, and the last \$10, will be given, and then ranging down to \$1.

Observation trains will leave this city at 8 p. m. and when within ten miles of the beach the riders will leave the trains. The finish will be at the beach.

**Two League Meets.** Another scheme suggested by the fertile-brained and enterprising Californians is the holding of two league meets annually instead of one, one for the east and one for the west. It is suggested that many wheelmen and league members who live at great distances from the place of the meet are compelled to miss it on account of the distance and expense. It is contended that if the country were divided into two sections and annual meets held in each, there would be a far greater attendance and consequent increased benefit to the cause and to the interests of cycling generally. San Francisco, Salt Lake, Lincoln, Neb., and El Paso, Texas, are the candidates for the next western meet.

It is rumored that a small-sized bomb will be exploded at the foot of class A men from various parts of the country before long, that will hold them into class B for good and all, says the Denver Republican.

During the meet determined the racing officials to put them where they belonged. They were altogether too fast for the real amateur class. Arthur H. Jensen, who took the first day's race, first day of the meet, built a fence around it on the second and monopolized the advertising privileges on the fence on the third, will be one of the first to go. His way of doing it was too good for the class he is in and Mr. Raymond does not intend to allow him to carry off all the class A prizes any longer.

**THE WORLD'S RECORD BROKEN.** Then Ziegler came out for a trial at the unpaired quarter mile record, flying start. The announcement pleased the crowd immensely and all awaited the result with intense interest. The Californian sailed over the track three times before he was ready for the trial, and as he passed the timers he announced that he was going, and how he did go. As he approached the officials on the opposite side of the circle, he gradually increased his pace and on passing them was hidden for an instant by the trees on the east side. Coming into the straight like a flash the spectators simply saw a yellow streak, a "whirl" from the wheel, and by the time they caught their breath, the champion was around again.

"Come on; come on!" shouted his trainer, and he did come on. Even Patsy Ziegler lost his usual calm, and took a place on the edge of the track to see the finish. The champion's cheeks were as rosy as ever, and there was a smile on his face as he flitted over the tape.

The timers at once got together, and each of the five watches told the same tale—1:01 1-5.

Heretofore Holden had announced the time, and when he stated that Ziegler had beaten the world's record the crowd went wild. Hearty cheers were

given, and the champion was warmly congratulated.

**TWO MILE OPEN, CLASS A.** The two mile open, class A, brought Weiler, Jensen and Evans onto the track. The judges decided to allow Patsy Ziegler last his usual calm, and Thatcher were selected. They performed their task well, relieving each other like clock work. They cut out a hot pace, the first mile being made in

1:01 1-5, and increased the speed on the bunch like the wind. Boles let him get out, but was unable to close up the lead and the Californian won by fifty yards, crossing the tape amid a storm of cheers from the grand stand. Boles let him get out, but was unable to close up the lead and the Californian won by fifty yards, crossing the tape amid a storm of cheers from the grand stand. Ziegler was going so fast at the finish that the impetus carried his wheel half way round the track, but when he dismounted he didn't show the slightest evidence of fatigue. The time announced was 4:52 2-5, the previous Utah record being 5:21, but that was for class A men.
